

25X1

11 March 1948

STAT

I have been advised by Colonel John D. Frederick, who is a friend of your parents, that you might possibly be interested in employment in the Central Intelligence Agency, with which I am now associated.

I do not know whether or not you are aware of the fact that if you are retired from the Service as a result of wounds received in combat you may draw your full government salary without losing any of your retired pay. I was personally retired from the Service on 31 March 1947 and I find my work in the Central Intelligence Agency most interesting and not too much of a transition for me to make. [redacted] Class of '42, is working with me, and I think he, too, finds it a very satisfactory arrangement.

STAT

If you are interested, I should be very pleased to have you write me and, if possible, come to Washington for a brief interview, in which we could discuss the possibilities in more detail.

Hoping to hear from you in the very near future, I am

Sincerely yours,

L. K. WHITE  
Colonel, USA (Ret)
